REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed 8/8/06 as they relate to rejected claim 1 (see his "Remarks", pages 6-9) are persuasive, therefore the 35 U.S.C. 103 rejections of claims 1-3, 5, 6 and 8 are hereby withdrawn. Specifically the examiner agrees with Applicant's argument that the prior art does not teach a method of placing magnetic circuit forming members on an arm with a resistive layer of a resistive material sandwiched between the arm and each of the magnetic circuit forming members, wherein the resistive layers increase an electric resistance between the arm, and each of the magnetic circuit forming members, and welding together by spot welding, these in combination with the rest of the limitations in the claims. Accordingly, claims 1-9 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
